Entitlement to enrolment

Under the *Education (General Provisions) Act 2006 (Qld)* a state school must enrol an applicant if they are entitled to enrolment. While not exhaustive, a list of matters which may affect an applicant's entitlement to enrolment are included on the front cover of the enrolment form.

Questions which must be answered* The Application for Student Enrolment Form contains a number of questions marked with an (*) which must be answered. These include – Prospective student demographic details, Prospective student address details, Family details, Religion – Religious Instruction, Country of birth, Emergency contact details, Prospective student medical information, Court orders and the Application to enrol. These questions and consent are considered necessary to ensure the school can undertake its administrative and care responsibilities.

Sections of the form not marked (*) are optional. However, failure to complete these sections may result in the school not being eligible for important Federal and State Government funding.

Parent's occupation and education

All parents across Australia, no matter which school their child attends, are being asked to provide information about family background (answering this question is optional). The main purpose of collecting this information is to promote an education system which is fair for all Australian students regardless of their background.

Sighting of birth certificate

Schools are required to sight a prospective student's birth certificate. An alternative to a birth certificate will be considered where it is not possible to obtain a birth certificate (e.g. person born in a country without a birth registration system – passport or visa documents will suffice). Prospective mature age students that provide appropriate photographic proof of identity do not need to present a birth certificate.

Court Orders

Any court orders concerning the prospective student's welfare, safety or parenting arrangements should be provided to the school, and the school should also be provided with any new or updated orders.

Name on enrolment form

A prospective student should be enrolled under their legal name as per their birth certificate. There is provision to also record a preferred family and/or given name. The preferred name will be used on internal school documents such as class rolls. The legal name will appear on semester reports unless there is a specific request to use the preferred name only. This request can come from parents/carers or the student (if the student is independent/mature age).

Evidence of Prospective Student's Immigration Status

This section is required to be completed when a prospective student is not an Australian citizen and information is required to be recorded about their passport and visa.

Medical information and emergency contacts A prospective student's medical condition, symptoms, management and medication/s must be documented. Medical conditions may include (but are not limited to) seizures/epilepsy, fainting, diabetes, asthma, heart problems, anaphylaxis and allergies (such as food or insect stings). Parents must indicate if they are an emergency contact. Three additional emergency contacts are also required.

Religion – Religious Instruction Applicants are asked if they would like the prospective student to participate in religious instruction. From Year 1, the prospective student may participate in religious instruction if it is available.

If you tick 'No' or if the nominated religion is not represented within the school's religious instruction program, the prospective student will receive other instruction in a separate location during the period arranged for religious instruction.

Parents/carers may change these arrangements at any time by notifying the principal in writing.

Office use

This section is to be completed by the school and will assist in documenting specific details in relation to enrolment, including confirmation of the sighting of documentary evidence such as a prospective student's birth certificate, passport or visa and prospective student's mature age status.

to use, record or disclose copyright material, image, recording, name or personal information

If you do wish to revoke or modify this consent in relation to any further new uses of the Individual's personal information or Individual work, the Individual or the Signatory should send a notice in writing to the person nominated in Section 9 of this Consent Form. After that notice is received, the Department and the State will still be able to continue the existing uses, but will not be able to make any further new use of the Individual's personal information or Individual work.

The Signatory acknowledges that where material is uploaded to a Social Media website or other website:

- the use and contractual obligations may be perpetual and irrevocable; and
- it may not be possible to ensure that all copies of the material are deleted or cease to be used, and the Department and the State will not be responsible for doing so.

8. DEFINITIONS

- 'Use' includes:
 - to create, make copies of, reproduce, modify, adapt or retain in any form, including by camera, video, digital recorder, webcam, mobile phone or any other device; and
 - to distribute, publish or communicate in any form, including in newsletters and other print media, television and the internet and Social Media websites,
 in whole or in part, and to permit other persons to do so.
- The Department or the State will not pay the Signatory or the Individual for giving this consent or for the use of the Individual's personal information or Individual work.
- This Consent Form revokes and replaces all previous consent forms in relation to the use of the Individual's personal information or Individual work.
- This Consent Form is a legally binding and enforceable agreement between the Signatory and the Department or the State.
- Nothing in this Consent Form limits the rights that the Department or the State reserve in relation to the use of the Individual's personal information, Individual work or other intellectual property under any other law.
- The 'Department' and the 'State' include the officers and employees of the Department and the State engaged in performing services for the Department and the State.
- 'Social Media Website' includes any website operated by a third party which facilitates the uploading and sharing of user generated content, including social and professional networking websites, web forums, blogs and wikis.
- This consent extends to the Department and the State:
 - disclosing the Individual's personal information and Individual work to the Department's and the State's agents, contractors and volunteers for the purpose of performing services for the Department and the State; and
 - permitting those persons to use, record and disclose such material to the same extent as the Department and the State are entitled to deal with the Individual's personal information and Individual work.

9. NOTE

The Department will use its best endeavours to ensure the person signing this Consent Form is authorised to do so, but takes no responsibility for circumstances in which it is misled as to the identity or authority or ability of a person to provide consent.

If you require a copy of this signed Consent Form, or if you wish to revoke this consent, please contact the Principal of the school at which the Individual is enrolled or works or send a request in writing to the District Office.

10. INFORMATION**What is this consent for?**

This Consent Form authorises the Department and the State to use the Individual's personal information and copyright material, together with information about the Individual's participation in Departmental and State initiatives, for any use by the Department and the State associated with the purposes identified in Section 6 of this Consent Form. The consent covers the entire or partial use of the Individual's personal information and copyright material in conjunction with other words and images.

For example, the Individual's personal information and copyright material may appear in school newsletters, magazines, websites (including Social Media Websites) and other school, departmental or State publications, as well as in television advertising, videos, brochures, forms, public relations displays, annual reports, press advertising, internal documents such as manuals, websites, certificates and strategic plans, and posters and other promotional material. There may also be occasions on which the Department may approve the media, such as local newspapers and television stations, using information and copyright material in relation to the Individual (for example, where the Individual is involved in dramatic or musical performances, sporting activities or award ceremonies).

Websites

Individuals and Signatories should be aware that publication of an Individual's personal information and Individual work on Social Media Websites is similar to publication in newsletters, magazines, brochures, etc; however publication on Social Media Websites is publication of that material to the world at large.

Individuals and Signatories should be aware that the publication of an Individual's personal information and Individual work, by the Department or the State, on a Social Media Website typically constitutes a permanent and publicly available record of that material. This means that anyone may be able to copy and use an Individual's personal information and Individual work that has been published on a Social Media Website for any purpose and without the consent or knowledge of the Department, the State or the Individual. Individuals or Signatories should not grant their consent to the Department or the State to use an Individual's personal information or Individual work in connection with a Social Media Website if the Individual or Signatory does not agree to the material being permanently available to the public.

If an Individual's personal information or Individual work is published on a Social Media Website, that material will be governed by the privacy policy and terms of use of the relevant Social Media Website. The Department or State cannot reasonably control how an Individual's personal information or Individual work is used by third parties once the material has been published on a Social Media Website.

State School Consent Form
to use, record or disclose copyright material, image, recording, name or personal information

What is copyright material?

An Individual's copyright material may include written work (e.g. stories and poems), paintings, pictures, drawings, designs, photographs, videos, films, music, performance, recordings, computer programs, websites, sculptures, fashion, metal- or wood-works made by them or to which they contributed. In the case of students, it includes, but is not limited to, work that they create in the course of their studies during the time they are enrolled at a State school. These materials may form part of their academic assessment or be part of their studies generally and may attract copyright.

The Department understands that students and volunteers generally own the intellectual property rights in the material they create and that this Consent Form is not meant to transfer the Individual's ownership of the intellectual property in their copyright material.

This Consent Form does not provide for copyright consent in relation to copyright works an Individual creates in the course of employment (whether or not the material is created in normal work hours or using departmental facilities or equipment). Where copyright material is created by a State employee while performing their duties under the terms of their employment, the copyright is owned by the State as the employer (section 35 *Copyright Act 1968*). There are limited exceptions to this including, for example, where the copyright material is created by an employee pursuant to a prior agreement with the employer.

Generally, the deciding factor is whether the employee is performing their official duties. In addition, section 176 of the *Copyright Act 1968* applies where the work was created by or under the direction or control of the State. However, moral rights may still apply to copyright material created by an employee. The *Queensland Public Sector Intellectual Property Principles* provide further information on intellectual property. If as an employee you have any further queries about the ownership of the intellectual property in respect of the works you create you should contact the Legal and Administrative Law Branch.

What is personal information?

Personal information includes information or opinions, whether true or not, about an individual whose identity is apparent or can reasonably be ascertained from the information or opinion. This includes the Individual's name, image or video or sound recording. It also includes the Individual's educational information such as the Individual's assessment and results, and health information and court orders provided to the Department, where such information may enable the Individual to be identified.

What happens to the Consent Form once it is completed and signed?

The Consent Form is retained by the Department and it will be placed on the Individual's file and/or the project file. The Individual or Signatory may request a copy of the signed form by contacting the Principal of the school.

What if I give my consent and later change my mind?

This consent will be in effect from the date the Consent Form is signed. The Department and the State will then start using the Individual's personal information and Individual work to create material incorporating the Individual's personal information and Individual work and entering into contractual obligations in relation to that material.

If you wish to later modify or revoke this consent, the Individual or the Signatory should send a notice in writing to the person nominated in Section 2 of this Consent Form. After that notice is received, the Department and the State will not make any new additional use of the Individual work, but any existing uses will continue.

Where the Department or another person uploads material to a Social Media Website or other website, it may need to accept contractual obligations that are perpetual and irrevocable. It may not be possible to ensure that all copies of the material are deleted or cease to be used, and the Department and the State cannot take responsibility for doing so.

Privacy

The consent to the recording, use and disclosure of the Individual's personal information and Individual work is required in accordance with the *Copyright Act 1968* (Cth), the *Education (General Provisions) Act 2006* and the *Information Privacy Act 2009*. Personal information will be stored securely. The Department will only disclose the Individual's personal information in accordance with your consent, except where authorised or required by law. If you wish to access or correct any of the personal information on this form or discuss how it has been dealt with, or if you have a concern or complaint about the way the Individual's personal information has been collected, used, stored or disclosed, please contact the school.

MOBILE PHONE POLICY

Education Queensland has developed policies and guidelines for mobile phones with the increase in the number students who have these devices.

(CM-15: Guidelines for Appropriate Use of Mobile Telephones by Students)

At Freshwater State School we recognise that there are times when it is genuinely appropriate and beneficial for students to have access to a mobile phone. Students may, for example, need to contact parents in emergencies or to confirm or change a collection time after school. However, except in times of genuine emergency, mobile phone use should be restricted.

The use of mobile phones, pagers, portable CD and MP3 players, and similar electronic devices in class is disruptive to the learning environment of all students and should be discouraged. Students wishing to use these devices in special circumstances should negotiate arrangements with relevant school staff. It is important that students display courtesy, consideration and respect for others whenever they are using a mobile phone. It is also acknowledged that in some circumstances, mobile phones, and those with the capacity to record digital images, can be appropriately incorporated into the learning program.

Mobiles are to be used responsibly by the owner. In-phone cameras are not to be used anywhere a normal camera would be considered inappropriate, such as in change rooms or toilets. Appropriate action will be taken against any student who photographs or films other individuals without their consent or who sends harassing or threatening messages. Disciplinary action will be taken against any student/s who is/are caught using a mobile phone to cheat in exams or assessments.

At Freshwater State School mobile phones are to be switched off and kept out of sight during lessons. It is recommended that mobile phones be used only before or after school. The school will not accept any liability in the event of the loss, theft or damage of the device. Therefore students should ensure that their phones are always stored in a safe and secure place. This may be at the school office or locked in the classroom teacher's desk.
